The championship remains open to new drivers throughout the season, allowing them to join at any time, along with their team or as part of another team.

It is recommended to discuss your participation intentions with the organizers before each race to ensure smooth media coverage, confirm your Discord role, and avoid missing important information.

2. Cars

Rally 2, Rally 3, Rally 4, R4 and Lada Cup.

Each driver must declare their car in advance and is not allowed to change it during the season. If no car has been declared in advance, the driver is required to compete with the car they used in their first rally of the championship.

4. Teams

Teams can be formed with a minimum of two and a maximum of five drivers. Within each team, drivers are free to choose their cars.

Points for the team standings are awarded based on the results of the two highest-ranked drivers in the general standings of each rally.

Drivers who have not specified a team will not score points for the team championship.

The organizers reserve the right to adjust the name of a team or their skin.
